Item 11. Executive Compensation.

Executive Compensation Summary

The following is a summary of the compensation policies, plans and arrangements for our executive officers. This summary should be read in conjunction with the Summary Compensation Table and related disclosures set forth below. We are eligible to, and have chosen to, comply with the executive compensation disclosure rules applicable to a “smaller reporting company,” as defined in applicable SEC rules.

Overview

Our executive compensation plans and arrangements are overseen and administered by our Compensation Committee, which is comprised entirely of independent directors as determined in accordance with applicable NASDAQ and SEC rules. The Compensation Committee operates under a written charter adopted and reviewed annually by our Board. A copy of this charter is available on our website at investors.veritone.com under the heading “Governance.”

Our Compensation Committee has established an executive compensation program that is intended to fulfill three primary objectives: first, to attract and retain the high caliber executives required for the success of our business; second, to reward these executives for strong financial and operating performance; and third, to align their interests with those of our stockholders to incentivize them to create long-term stockholder value. The key components of the compensation of our executive officers are base salaries, cash incentives, and equity awards.

In December 2017, the Compensation Committee engaged a compensation consultant, Pearl Meyer & Partners, LLC (“Pearl Meyer”), to conduct a market study of executive compensation and make recommendations regarding the base salaries, cash incentive compensation and equity compensation for our executive officers. Pearl Meyer reviewed compensation data reported by a group of publicly traded software-as-a-service companies with annual revenues between \$50 million and \$150 million, with average revenues of approximately \$100 million. The Compensation Committee determined that this group of companies, which has higher revenues than Veritone, was an appropriate peer group for this analysis, as it represented the size of companies with which we compete for executive talent. Specifically, Pearl Meyer reviewed base salaries, target cash incentives and annual equity compensation for the companies in this group.

In March 2018, the Compensation Committee reviewed the market data and recommendations that had been provided by Pearl Meyer and used such data and recommendations to establish compensation levels and plans for

Table of Contents

our executive officers for 2018. Such review indicated that the target total cash compensation and target total direct compensation of our executive officers were both significantly below the 50th percentile of the peer group. The Compensation Committee determined that it is important to provide compensation packages to our executive officers that represent target total direct compensation that is approximately equal to the 50th percentile of market, but that the mix of such compensation be weighted more heavily towards equity compensation to reduce our cash utilization and to align our executives' compensation with the interests of our stockholders. The key components of the executive compensation program approved by the Compensation Committee in March 2018 are discussed in more detail below. This executive compensation program amended and superseded the compensation terms of the employment agreements that we entered into with Chad Steelberg and Ryan Steelberg in 2017 and the employment offer letters for our other executive officers.

As part of its review of executive compensation in 2018, the Compensation Committee also discussed with Pearl Meyer whether it would be in the best interests of Veritone and our stockholders to develop a separate performance-based equity incentive program for our Chief Executive Officer, our President, and our other executive officers and employees, to provide them with an additional incentive to drive increases in stockholder value. The Compensation Committee determined that such a program would tie a large portion of each participant's total earnings potential to the achievement of challenging stockholder value targets, which would give them a powerful incentive to drive increases in stockholder value and strongly align their interests with the interests of our stockholders. Due to the potential interests of Chad Steelberg and Ryan Steelberg in such program, on the recommendation of the Compensation Committee, the Board appointed a special committee comprised of independent and disinterested members of the Board (the "Special Committee"), which had the exclusive authority to develop and negotiate such performance-based equity incentive program on behalf of our Board. In May 2018, our Board approved our 2018 Performance-Based Stock Incentive Plan (the "2018 Plan") and the Special Committee approved awards of performance options to Chad Steelberg and Ryan Steelberg, subject to stockholder approval, which was received in June 2018. The 2018 Plan and the awards of performance options under that plan are discussed in more detail under the heading "2018 Performance-Based Stock Incentive Plan" below.

Base Salaries

Based on its review of executive compensation in March 2018, the Compensation Committee approved an annual base salary of \$250,000 for each of our executive officers. These new base salaries became effective as of March 15, 2018. In November 2018, the Compensation Committee reviewed the base salaries of our executive officers and determined that no changes would be made to such base salaries for 2019.

Cash Incentives

In March 2018, the Compensation Committee established a cash incentive program for our executive officers, to link a significant portion of each executive's total compensation to the achievement of pre-established performance goals. For 2018, each executive officer's target incentive was set at \$75,000 (30% of base salary). The target incentive amount would be payable in the event of achievement of 100% of the target levels for certain financial measures established by the Compensation Committee. For 2018, payout of the target cash incentives for all executive officers was conditioned upon achievement of the net revenue target set forth in the annual operating plan approved by our Board for 2018 (the "Revenue Goal"), with potential payouts of up to 200% of the target amount in the event of achievement of 150% of the Revenue Goal. Payouts would be prorated on a straight-line basis in the event of revenue achievement between 100% and 150% of the Revenue Goal. We did not achieve the Revenue Goal for 2018. Accordingly, no cash incentives were earned by our executive officers for 2018.

The Compensation Committee has established a cash incentive program for our executive officers for 2019 having a comparable structure to the 2018 program. The financial measures established by the Compensation Committee for 2019 were net revenue and earnings before interest expense, depreciation, amortization and stock-

based compensation expenses, adjusted to exclude certain acquisition, integration and financing-related costs, with each measure weighted equally. No changes have been made to the target incentive amounts for 2019.

Equity Incentives

We provide long-term incentive compensation to our executive officers through equity-based awards under our stock incentive plans, such as stock options, restricted stock and restricted stock units, which generally vest over multiple years. As discussed above, the Compensation Committee has determined that the mix of executive compensation should be weighted more heavily towards equity compensation to reduce our cash utilization and to align our executives' compensation with the interests of our stockholders. Accordingly, the Compensation Committee takes into account the amount by which the cash compensation of our executive officers falls below the 50th percentile of market (based on the peer group data reviewed by the Compensation Committee) and generally sets annual equity compensation at levels necessary to bring target total direct compensation closer to the 50th percentile of market.

2014 Plan and 2017 Plan

Our 2014 Stock Option/Stock Issuance Plan (the "2014 Plan") was approved by our Board and stockholders in 2014, and our 2017 Stock Incentive Plan (the "2017 Plan") was approved by our Board and stockholders at the time of our IPO in May 2017. Under these plans, the Compensation Committee or our Board has authority to grant awards of incentive stock options, nonqualified stock options, stock appreciation rights, restricted stock and restricted stock units to our executive officers, directors, employees and consultants. Our Board has resolved not to make any further awards under the 2014 Plan following the completion of our IPO. The 2014 Plan will continue to govern all outstanding awards granted thereunder.

All stock options granted under the 2014 Plan and 2017 Plan have exercise prices equal to or greater than the fair market value of our common stock on the grant date, and expire 10 years after the grant date, subject to earlier expiration in the event of termination of the awardee's continuous service with the company. All equity awards granted under the 2014 Plan and 2017 Plan vest in accordance with the vesting schedules established by the Compensation Committee at the time of award, subject to the awardee's continued service with our company. The vesting of equity awards granted to our executive officers is subject to acceleration under certain circumstances as discussed under the heading "Payments Upon Termination of Employment or Change in Control" below.

In March 2018, the Compensation Committee granted a nonqualified stock option to each executive officer under our 2017 Plan. Chad Steelberg received an option to purchase 136,029 shares of common stock, Ryan Steelberg received an option to purchase 68,015 shares of common stock, and each of Messrs. Collins, Coyne and Ganley received an option to purchase 37,099 shares of common stock. Such options have an exercise price of \$15.14, which was the closing price of our common stock on the grant date. Such options vest over a four-year period, with 25% of the shares underlying such options vesting on the first anniversary of the grant date, and the remaining shares underlying such options vesting in 36 equal monthly installments thereafter. The grant date value (determined using the Black-Scholes-Merton option pricing model) of the option granted to Chad Steelberg was approximately \$1.1 million, the grant date value of the option granted to Ryan Steelberg was approximately \$542,000, and the grant date value of the option granted to each of Messrs. Collins, Coyne and Ganley was approximately \$295,000.

In February 2019, the Compensation Committee granted 15,000 nonqualified stock options to each of Messrs. Collins, Coyne and Ganley under the 2017 Plan, which options had grant date values of approximately \$53,000 and substantially the same terms as the stock options granted to them in 2018. In addition, in February 2019, the Compensation Committee awarded to each of Messrs. Collins, Coyne and Ganley 16,845 restricted stock units having a total grant date value of approximately \$95,000, which vest in full in January 2020, in order

to achieve the desired target total direct compensation levels for such executive officers. The Compensation Committee has not granted additional equity awards to Chad Steelberg and Ryan Steelberg, in light of the performance-based stock options awarded to them in 2018 under the 2018 Plan, as discussed below.

2018 Performance-Based Stock Incentive Plan

In May 2018, our Board approved our 2018 Plan, and the Special Committee approved awards of performance-based stock options to Chad Steelberg (the “CEO Award”) and Ryan Steelberg (the “President Award”) under the 2018 Plan. The CEO Award, President Award and 2018 Plan were approved by our stockholders at our annual meeting of stockholders held in June 2018.

The CEO Award, the President Award and all awards granted to our other executive officers and employees under the 2018 Plan are 100% performance-based, vesting only upon the achievement of stock price milestones that would represent significant increases in our stock price. By tying a significant portion of the total earnings potential of our executive officers and other employees to the achievement of challenging stock price targets, the Board believes that the 2018 Plan gives our executive officers and other employees a powerful, long-term incentive to drive increases in stockholder value and strongly aligns their interests with our long-term goals and the interests of our stockholders. The 2018 Plan incentivizes executive officers and other employees to remain employed with us and to deliver strong performance over time.

All awards granted under the 2018 Plan consist of nonstatutory stock options, which will become exercisable in three equal tranches only if we achieve the following stock price goals:

Tranche	Stock Price Goal
1	\$ 49.15 per share
2	\$ 98.31 per share
3	\$196.62 per share

Each tranche will be determined to be achieved if our stock price equals or exceeds the applicable stock price goal for thirty consecutive trading days. All stock options granted under the 2018 Plan have exercise prices equal to or greater than the fair market value of our common stock on the grant date, and expire 10 years after the grant date, subject to earlier expiration in the event of termination of an awardee’s service with the company.

The CEO Award and the President Award were approved by the Special Committee on May 6, 2018. The numbers of shares of common stock underlying the CEO Award and the President Award are 1,809,900 and 1,357,425, respectively, and the exercise price of such awards is \$21.25 per share, which was the closing price of our common stock on May 4, 2018, the last trading day prior to the date of approval of the awards by the Special Committee (which was not a trading day). The vesting of the CEO Award is contingent upon Chad Steelberg being employed as our Chief Executive Officer, and the vesting of the President Award is contingent upon Ryan Steelberg being employed as President or in such other position as may be approved by the Compensation Committee. If Chad Steelberg’s service as Chief Executive Officer, or if Ryan Steelberg’s service as President (or such other position), is terminated by us (other than for misconduct), any outstanding and unexercisable portion of the award held by him will remain outstanding and eligible to become exercisable for a period of nine months following such termination. At that time, any portion of his award that has not become exercisable will be forfeited. The CEO Award and the President Award provide that any shares issued upon exercise thereof must be held by the executive officer for a minimum of six months, to further align the executive officer’s interests with the interests of our other stockholders following the exercise of such options.

On February 12, 2019, the Compensation Committee approved an award of 26,001 stock options to each of Messrs. Collins, Coyne and Ganley under the 2018 Plan. Such stock options have an exercise price of \$5.65 per share, which was the closing price of our common stock on the grant date. The vesting of each such award is contingent upon the executive officer remaining employed by us. If the executive officer is terminated by us

Table of Contents

(other than for misconduct), any outstanding and unexercisable portion of the award held by him will remain outstanding and eligible to become exercisable for a period of nine months following such termination. At that time, any portion of his award that has not become exercisable will be forfeited.

Generally Available Benefit Programs

Section 401(k) Plan

We make available a tax-qualified retirement plan that provides eligible employees, including our executives, with an opportunity to save for retirement on a tax advantaged basis. Participants are able to defer up to 80% of their eligible compensation, subject to applicable annual limits under the Internal Revenue Code of 1986, as amended (the "Internal Revenue Code"). Pre-tax contributions are allocated to each participant's individual account and are then invested in selected investment alternatives according to the participant's directions. We do not currently make any matching contributions under the 401(k) plan.

Employee Stock Purchase Plan

We maintain an employee stock purchase plan (the "ESPP"), which is intended to qualify as an "employee stock purchase plan" under Section 423 of the Internal Revenue Code, to promote stock ownership by employees. Under the ESPP, eligible employees are able to acquire shares of our common stock by accumulating funds through payroll deductions. Eligible employees are able to select a rate of payroll deduction between 1% and 15% of their eligible compensation. The ESPP is implemented through a series of offering periods of up to 27 months, each having multiple purchase intervals, which are generally six months, unless otherwise determined by our Compensation Committee as the plan administrator.

The purchase price for shares of our common stock under the ESPP is established by our Compensation Committee prior to the start of any offering period, but will not be less than 85% of the lower of the fair market value of our common stock on (i) the first day of each offering period and (ii) the purchase date for each purchase interval. Purchases under the ESPP are subject to certain limitations, including a maximum number of shares that each participant may purchase on each purchase date of 1,000 shares, a maximum number of shares that may be purchased in total by all participants on each purchase date of 200,000 shares, and the \$25,000 annual limit under the Internal Revenue Code. In addition, under no circumstances will purchase rights be granted under the ESPP to any eligible employee if such individual would, immediately after the grant, own or hold outstanding options or other rights to purchase, stock possessing 5% or more of the total combined voting power or value of all classes of stock of our company or any parent or subsidiary.

Health Benefit Programs

Our executive officers are eligible to participate in our health benefit programs, including medical, dental, vision, long-term disability, life and accidental death and dismemberment insurance, flexible spending accounts and certain other benefits. We pay 100% of the premiums for the medical, dental, vision, long-term disability and life insurance elected by Messrs. Collins, Coyne and Ganley under these company-provided benefits (excluding the premiums for voluntary supplemental disability). Chad Steelberg and Ryan Steelberg do not currently participate in these benefit programs; however, we reimburse each of them for 100% of the costs for their separate healthcare plans.

Employment Agreements with Chad Steelberg and Ryan Steelberg

In March 2017, we entered into employment agreements with Chad Steelberg and Ryan Steelberg. Each employment agreement has an initial term of three years, which will be renewed automatically for additional one-year terms unless either we or the officer notifies the other party of the intent not to renew the agreement at least 90 days prior to the expiration of the then-current term. The employment agreements with Chad Steelberg

Table of Contents

and Ryan Steelberg are at-will agreements and may be terminated at any time and for any reason or without reason. However, if the officer is terminated other than for “cause” or resigns for “good reason” (as such terms are defined in their respective employment agreements), then the officer will be entitled to acceleration of the vesting of certain stock options, and, in the case of Ryan Steelberg, to certain cash severance payments, as discussed under the heading “Payments Upon Termination of Employment or Change in Control” below.

The employment agreements with Chad Steelberg and Ryan Steelberg had specified cash compensation levels for each executive officer (and in the case of Chad Steelberg, equity compensation in lieu of base salary), which were subject to periodic review and adjustment at the discretion of our Board or our Compensation Committee, and provided for grants of time-based and performance-based stock options to each executive officer in 2017. The executive compensation program established by the Compensation Committee in March 2018 has amended and superseded the compensation terms set forth in the employment agreements with Chad Steelberg and Ryan Steelberg.

Roles of Compensation Consultants in Determining Executive Compensation

The Compensation Committee has the authority to engage its own compensation consultants and other independent advisors to assist in designing and administering our executive compensation programs. As noted above, the Compensation Committee directly engaged Pearl Meyer in December 2017 to conduct a market study of executive compensation, which included a review and analysis of executive cash and equity compensation. For this market study, Pearl Meyer was requested by the Compensation Committee to present assessments of our compensation levels relative to our peer companies and to provide recommendations regarding the compensation levels and the structure of our cash and equity compensation plans. In March 2018, the Special Committee engaged Pearl Meyer to assist it in developing and negotiating the 2018 Plan and the grants of awards to Chad Steelberg and Ryan Steelberg thereunder.

The Compensation Committee has evaluated the relationships among the company, the Compensation Committee and Pearl Meyer, taking into account the following six factors: (i) the provision of other services to the company by Pearl Meyer, if any; (ii) the amount of fees received from the company by such consultant, as a percentage of its total revenue; (iii) the policies and procedures of such consultant that are designed to prevent conflicts of interest; (iv) any business or personal relationships of such consultant with a member of the Compensation Committee; (v) any company stock owned by such consultant; and (vi) any business or personal relationships of such consultant with any of the company’s executive officers, and has determined that no conflicts of interest have been raised by the work performed by such consultant in making recommendations relating to the company’s executive compensation.

Roles of Management in Determining Executive Compensation

The Compensation Committee periodically meets with our Chief Executive Officer and/or other executive officers to obtain recommendations with respect to compensation programs for executives and other employees. Our Chief Executive Officer makes recommendations to the Compensation Committee on the base salaries, target incentives and performance measures, and equity compensation for our executives and other key employees. The Compensation Committee considers, but is not bound to accept, management’s recommendations with respect to executive compensation. Our Chief Executive Officer and certain other executives attend most of the Compensation Committee’s meetings, but the Compensation Committee also holds private sessions outside the presence of members of management and non-independent directors. The Compensation Committee discusses our Chief Executive Officer’s compensation package with him, but makes decisions with respect to his compensation without him present. The Compensation Committee has delegated to management the authority to make certain decisions regarding compensation for employees other than executive officers. The Compensation Committee has not delegated any of its authority with respect to the compensation of executive officers.

- (1) The bonuses earned by all named executive officers for 2017 were paid in March 2018. No bonus or nonequity incentive plan compensation was earned by any executive officer for 2018.
- (2) Reflects the grant date fair values of stock options awarded to each named executive officer in each year presented. The fair values of the stock options granted under our 2014 Plan and 2017 Plan were estimated as of the grant date using the Black-Scholes-Merton option pricing model. The fair values of the performance-based stock options granted to Chad Steelberg and Ryan Steelberg in 2018 under our 2018 Plan were estimated as of June 29, 2018, which was the date of approval of such awards by our stockholders (and, therefore, was deemed the grant date for accounting purposes) using a Monte Carlo Simulation Model. The assumptions used in the valuation of stock options are discussed in Note 2 under the heading “Stock-Based Compensation” and Note 12 to our consolidated financial statements included in our Annual Report on Form 10-K for our fiscal year ended December 31, 2018, and in Note 10 to our consolidated financial statements included in our Annual Report on Form 10-K for our fiscal year ended December 31, 2017. See additional information regarding the stock options awarded to our named executive officers in 2018 under the heading “Equity Incentives” above.
- (3) All other compensation consists of: (i) for Chad Steelberg and Ryan Steelberg, the amounts paid to them as reimbursement of the costs of separate healthcare plans; and (ii) for all other named executive officers, the amounts of Company-paid premiums for healthcare benefits in excess of the premiums that we customarily pay on behalf of non-executive employees for such healthcare benefits under our benefit programs.
- (4) The amount shown as salary for Chad Steelberg for 2017 reflects the aggregate value of shares of our common stock issued to him in lieu of a cash base salary pursuant to his employment agreement, as follows: (i) 10,121 shares of common stock issued on June 30, 2017, having a fair market value of \$12.35 per share; (ii) 2,471 shares of common stock issued on September 29, 2017, having a fair market value of \$50.57 per share; and (iii) 5,215 shares of common stock issued on December 29, 2017, having a fair market value of

[Table of Contents](#)

\$23.97. The number of shares issued on each date was determined by dividing \$125,000 by the per share fair market value on the issuance date (rounded down to the nearest whole share), such fair market value representing the average of the closing prices for our common stock on the last five trading days through such date, in accordance with his employment agreement. For 2018, the Compensation Committee approved an annual cash base salary of \$250,000 for Chad Steelberg, which became effective on March 15, 2018 and, accordingly, the amount shown as salary for Chad Steelberg for 2018 reflects his cash base salary earned from March 15, 2018 through December 31, 2018.

- (5) Mr. Ganley joined our company on May 9, 2017. The amounts set forth for the year 2017 reflect amounts earned by Mr. Ganley from such date through December 31, 2017.

Payments Upon Termination of Employment or Change in Control

Acceleration of Vesting of Equity Awards

Stock Options

Pursuant to the terms of the employment agreements and stock option agreements with each of Chad Steelberg and Ryan Steelberg, in the event that the executive officer is terminated without cause (as defined in his employment agreement), then all unvested options held by the executive officer that are subject to time-based vesting conditions will immediately vest, and in the event that the executive officer resigns for good reason (as defined in his employment agreement), then 50% of any unvested options held by the executive officer that are subject to time-based vesting conditions will immediately vest. In addition, in the event of a change in control of Veritone (as defined in the stock option agreements), if any such unvested time-based stock options are not assumed by the acquirer in connection with the change in control, all such unvested options will immediately vest.

Pursuant to the stock option agreements entered into with Messrs. Collins, Coyne and Ganley with respect to stock options that are subject to time-based vesting conditions, in the event of a change in control of Veritone (as defined in the stock option agreements), if any such unvested time-based stock options are not assumed by the acquirer in connection with the change in control, or if the executive officer is terminated without cause (as defined in the stock option agreements) following the change in control, then all of such unvested stock options will immediately vest. In addition, if any such unvested stock option is assumed by the acquirer, then,

Table of Contents

immediately prior to the change in control, the stock option will become vested and exercisable for an additional number of shares equal to the lesser of (a) 25% of the number of shares initially subject to the option and (b) the number of shares that have not then vested pursuant to the original vesting schedule, and the remaining unvested stock options (if any) will vest in 12 equal monthly installments following the change in control, or over the remainder of the original vesting schedule, if shorter.

Pursuant to the terms of our 2018 Plan, in the event of a change in control of Veritone, vesting of the performance-based stock options granted under the 2018 Plan will not automatically accelerate. However, upon a change in control, the achievement of the applicable stock price goals with respect to such performance-based stock options will be determined based on the greater of (a) the last closing price of a share of our common stock before the effective time of the change in control or (b) the per share price (plus the per share value of any other consideration) received by our stockholders in the change in control, without regard to the requirement that the applicable stock price goal be met or exceeded for 30 consecutive trading days. Any exercisable portions of such awards may be assumed or substituted by the successor entity, and such awards will remain exercisable for the remainder of the term thereof. Any unexercisable portion of such awards will automatically terminate at the effective time of the change in control.

Restricted Stock

The restricted stock issuance agreement entered into with Ryan Steelberg in 2016 provides that in the event of a change in control of Veritone (as defined in the agreement), if the forfeiture restrictions with respect to any unvested restricted shares held by him are not assigned to the acquirer, the forfeiture restrictions will lapse and all unvested shares will vest in full immediately prior to the change in control. In addition, if such forfeiture restrictions are assigned to the acquirer, 75% of the restricted shares not then vested will vest immediately prior to the change in control, and the remaining 25% of the restricted shares will vest in 12 equal monthly installments following the change in control, or over the remainder of the original vesting schedule, if shorter. Such award will be fully vested in June 2019.

Pursuant to the employment offer letters (as amended) and restricted stock issuance agreements (as amended) entered into with Messrs. Collins and Coyne, in the event of a change in control of Veritone (as defined in the agreements), if the forfeiture restrictions with respect to any unvested restricted shares held by the executive officer are not assigned to the acquirer, the forfeiture restrictions will lapse and all unvested shares will vest in full immediately prior to the change in control. In addition, in the event that Mr. Collins or Mr. Coyne is terminated without cause (as defined in his employment offer letter), the vesting of a portion of his restricted shares will accelerate in order to compensate him for the taxes paid or payable for the shares which otherwise would be forfeited upon termination.

Other Payments Upon Termination

Pursuant to his employment agreement, if Ryan Steelberg is terminated without cause or resigns for good reason, he will be entitled to receive a lump sum severance payment equal to his base salary payable for the remainder of the term of his employment agreement.

Acceleration of Vesting of Equity Awards Upon Termination or Change in Control

The RSU agreements entered into with each of our non-employee directors pursuant to the automatic grant provisions of our 2017 Plan provide that, in the event of a change in control of Veritone (as defined in the agreements), or in the event that the director's service is terminated due to death or permanent disability, all unvested RSUs held by such director will immediately vest.

We entered into a stock option agreement with Mr. Oates in connection with our IPO in May 2017. The stock option agreement provides that, in the event that Mr. Oates is not nominated for reelection to our Board for any reason other than Mr. Oates' misconduct (as defined in the agreement), or in the event of a change in control of Veritone (as defined in the agreement) in which Mr. Oates is not requested to continue as a director of our company or its successor for any reason other than his misconduct, then all of the unvested shares subject to such option will immediately vest in full.

Other Agreements

Indemnification of Directors and Officers

Our amended and restated certificate of incorporation and our amended and restated bylaws provide that we will indemnify our directors and officers to the fullest extent permitted under Delaware law, which prohibits our amended and restated certificate of incorporation from limiting the liability of our directors for the following:

- any breach of the director's duty of loyalty to us or our stockholders;
- acts or omissions not in good faith or that involve intentional misconduct or a knowing violation of law;

Table of Contents

- unlawful payment of dividends or unlawful stock repurchases or redemptions; or
- any transaction from which the director derived an improper personal benefit.

Our amended and restated certificate of incorporation also provides that if Delaware law is amended to authorize corporate action further eliminating or limiting the personal liability of a director, then the liability of our directors will be eliminated or limited to the fullest extent permitted by Delaware law, as so amended. This limitation of liability does not apply to liabilities arising under the federal securities laws and does not affect the availability of equitable remedies such as injunctive relief or rescission.

Our amended and restated certificate of incorporation and our amended and restated bylaws also provide that we will indemnify our employees and agents to the fullest extent permitted by law. Our amended and restated bylaws also permit us to secure insurance on behalf of any officer, director, employee or other agent for any liability arising out of his or her actions in this capacity, regardless of whether we would have the power to indemnify such person against such expense, liability or loss under the Delaware General Corporation Law. We have obtained directors' and officers' liability insurance.

We have entered into separate indemnification agreements with each of our directors and executive officers, in addition to indemnification provided for in our amended and restated certificate of incorporation and our amended and restated bylaws. These agreements, among other things, provide for indemnification of our directors and executive officers for expenses, judgments, fines and settlement amounts incurred by this person in any action or proceeding arising out of this person's services as a director or executive officer or at our request. We will not indemnify such director or officer, however, for expenses and the payment of profits arising from the purchase and sale by the director or officer of securities in violation of Section 16(b) of the Exchange Act.

Compensation Committee Interlocks and Insider Participation

The Compensation Committee is currently comprised of four non-employee directors: Messrs. Checketts, Gehl, Kurtz and Oates, all of whom served on the Compensation Committee during 2018. None of the members serving on the Compensation Committee are or have been our officers or employees, and each member qualifies as an independent director as defined by Rules 5605(a)(2) and (d)(2) of the NASDAQ Listing Rules. No executive officer serves as a member of the board of directors or compensation committee of any entity that has one or more executive officers serving on our Board or our Compensation Committee.

Item 13. Certain Relationships and Related Transactions, and Director Independence.

Transactions with Related Persons

The following is a description of transactions since January 1, 2017 to which we have been a party in which the amount involved exceeds the lesser of \$120,000 or one percent of the average of our total assets at the end of our last two completed fiscal years and in which any of our directors, executive officers or beneficial holders of more than 5% of our common stock, or an affiliate or immediate family member thereof, had or will have a direct or indirect material interest.

Investment by Acacia

On August 15, 2016, we entered into an Investment Agreement with Acacia that provided for Acacia to invest up to \$50 million in our company, consisting of both debt and equity components. Pursuant to the Investment Agreement, we (i) entered into a convertible promissory note, which provided for up to \$20 million in borrowings through two \$10 million advances, each bearing interest at the rate of 6.0% per annum (the "Acacia Note"), and (ii) issued to Acacia a five-year warrant to purchase up to a number of shares of the Company's common stock determined by dividing (x) \$50,000, less all outstanding principal and accrued interest under the Acacia Note, by (y) an exercise price per share ranging from \$13.3028 to \$13.7323, with the actual exercise price per share to be determined by the amount of principal and accrued interest under the Acacia Note that were converted into shares of our common stock (the "Primary Warrant"). In conjunction with the issuance of the Acacia Note, in November 2016, we issued to Acacia three additional four-year warrants, each to purchase a number of shares of our common stock determined by dividing \$0.7 million by an exercise price per share ranging from \$8.0833 to \$13.7323, with the actual exercise price to be determined by the type and/or valuation of our future equity financings. In March 2017, we amended the Primary Warrant and these other warrants to provide that the Primary Warrant would be automatically exercised in full upon the closing of our IPO, and the exercise prices per share of all of the warrants held by Acacia would be the lower of \$13.6088 or our IPO price. As a result, upon completion of our IPO, each of the other warrants became exercisable to purchase 51,437 shares of common stock, or an aggregate of 154,311 shares of common stock, at an exercise price of \$13.6088 per share.

In connection with our IPO in May 2017, pursuant to which we issued 2,500,000 shares of our common stock at a price to the public of \$15.00 per share, (i) all outstanding amounts of principal and accrued interest

Table of Contents

under the Acacia Note were converted into 1,523,746 shares of our common stock at a conversion price of \$13.6088 per share, and (ii) the Primary Warrant was automatically exercised to purchase 2,150,335 shares of our common stock at an exercise price of \$13.6088 per share in exchange for cash proceeds of \$29.3 million. Upon the exercise of the Primary Warrant in full, we issued to Acacia a warrant pursuant to which Acacia has the right to purchase 809,400 shares of common stock at an exercise price of \$13.6088 per share (the "10% Warrant"). The 10% Warrant became exercisable by Acacia with respect to 50% of the shares as of its issuance date and with respect to 50% of the shares in May 2018.

Secured Convertible Note Financing

In March 2017, we entered into a Note Purchase Agreement with Acacia and Veritone LOC I, LLC ("VLOC" and collectively with Acacia, the "Lenders"), which provided an \$8.0 million line of credit (the "Bridge Loan") pursuant to secured convertible notes that accrued interest at the rate of 8% per annum, compounded quarterly, and were due and payable on November 25, 2017 (the "Bridge Notes"). In March and April 2017, we borrowed \$2.0 million from each of the Lenders pursuant to the Bridge Notes and each of them exercised their option to advance the remaining \$2.0 million available under each respective Bridge Note in accordance with their terms.

Upon completion of our IPO, all outstanding principal under the Bridge Notes, together with all interest accrued thereon, were automatically converted into an aggregate of 590,717 shares of our common stock at a conversion price of \$13.6088 per share.

In connection with the Bridge Loan, we issued an aggregate of 120,000 shares of our common stock to the Lenders upon the execution of the Note Purchase Agreement. In addition, in connection with the funding of the \$8.0 million principal amount of the Bridge Loan, we issued to the Lenders an aggregate of 180,000 shares of our common stock and warrants to purchase an aggregate of 240,000 shares of our common stock, which have terms of ten years following the date of issuance. Such warrants were automatically adjusted upon completion of the IPO to be exercisable to purchase an aggregate of 313,440 shares of our common stock at an exercise price of \$13.6088 per share.

At the time of these transactions, the members of VLOC included entities controlled by Chad Steelberg and Ryan Steelberg (the "Founders") and certain other holders of our common stock (who previously held shares of our preferred stock that were converted in full in connection with our IPO). Mr. Gehl was the Manager of VLOC and was deemed to beneficially own all of the securities held by VLOC. In March 2018, VLOC distributed all of the shares of our common stock owned by VLOC to its members.

Voting Agreement

In connection with the investment by Acacia in our securities in August 2016, we entered into the Voting Agreement with Acacia and the Holders, including entities affiliated with the Founders, which is discussed in more detail on page 4 above. In addition to the voting provisions of the Voting Agreement, so long as our Board includes three directors designated by Acacia, unless approved by a majority of our Board, including at least one director designated by Acacia, we cannot take any corporate action, and the Holders cannot take any stockholder action, to effect any (i) merger, consolidation or other business combination involving our company, (ii) sale, transfer or other disposition of any capital stock or assets of our company, or (iii) acquisition, license out of the ordinary course of business, or merger or other business combination with a subsidiary of our company, in each case of (i) through (iii), in which the transaction value exceeds \$50 million.

The Voting Agreement will expire on May 17, 2019.

Investor Rights Agreement

On July 15, 2014, we entered into an Investor Rights Agreement (as amended, the "Rights Agreement") with certain of our stockholders. Pursuant to the Rights Agreement, certain stockholders who previously held

Table of Contents

shares of our Series A preferred stock, Series A-1 preferred stock and Series B preferred stock have certain demand, FormS-3 and piggyback registration rights under the Rights Agreement with respect to the shares of common stock issued upon conversion of such preferred stock, subject to certain limitations. We are required to pay all expenses relating to any such registration by the holders of registrable securities under the Rights Agreement, subject to certain limitations. Such registration rights will expire for each holder upon the earlier of (i) such time as the holder holds less than one percent of our common stock and Rule 144 or another similar exemption under the Securities Act of 1933, as amended (the “Securities Act”) is available for the sale of such holder’s shares without limitation during a three-month period without registration and (ii) May 2022, the fifth anniversary of our IPO. The parties to the Rights Agreement include entities that are affiliated with the Founders, as well as entities that were previously affiliated with Christopher Oates and Nathaniel Checketts, two of our current directors.

In September 2018, certain of the holders exercised their registration rights under the Rights Agreement, and all shares of our common stock held by such holders at such time have been registered under the Securities Act pursuant to the Registration Statement on Form S-3 that we filed with the SEC on September 28, 2018, which was declared effective on October 5, 2018.

Policies and Procedures for Transactions with Related Persons

Our Board has adopted a written policy setting forth the policies and procedures for the review and approval or ratification of transactions with related persons. This policy covers, with certain exceptions set forth in Item 404 of Regulation S-K under the Securities Act, any transaction, arrangement or relationship, or any series of similar transactions, arrangements or relationships, in which we were or are to be a participant, where the amount involved exceeds \$120,000 in any fiscal year and a related person had, has or will have a direct or indirect material interest, including without limitation, purchases of goods or services by or from the related person or entities in which the related person has a material interest, indebtedness, guarantees of indebtedness and employment by us of a related person. In reviewing and approving any such transactions, our Audit Committee is tasked to consider all relevant facts and circumstances, including, but not limited to, whether the transaction is on terms comparable to those that could be obtained in an arm’s length transaction and the extent of the related person’s interest in the transaction. All of the transactions described in this section occurred prior to the adoption of this policy.

Director Independence

Our Board has determined that six of our nine directors, Messrs. Checketts, Gehl, Graziadio, Kurtz and Oates and Ms. Nayyar, are independent, as determined in accordance with the rules of NASDAQ and the SEC. In making such independence determination, our Board considered the relationships that each non-employee director has with us and all other facts and circumstances that Board deemed relevant in determining their independence.

Our Board has three separate standing committees: the Audit Committee, the Compensation Committee and the Corporate Governance and Nominating Committee. None of the members of the Board’s standing committees are or have been our officers or employees, and each member qualifies as an independent director as defined by Rule 5605(a)(2) of the NASDAQ Listing Rules. Each member of the Audit Committee also qualifies as an independent director as defined by Section 10A(m) of the Exchange Act and Rule 10A-3 thereunder. Each member of the Compensation Committee also qualifies as an independent director as defined by Rule 5605(d)(2) of the NASDAQ Listing Rules.

Audit Committee Pre-Approval Policies and Procedures

Consistent with SEC rules, the Audit Committee has the responsibility for appointing, setting compensation for and overseeing the work of our independent registered public accounting firm. As such, the Audit Committee has established a policy of pre-approving all audit and permissible non-audit services provided to us by our independent registered public accounting firm. Prior to engagement, the Audit Committee pre-approves these services by category of service. The fees are budgeted and the Audit Committee requires the independent registered public

accounting firm and management to report actual fees versus the budget periodically throughout the year by category of service. During the year, circumstances may arise that make it necessary to engage our independent registered public accounting firm for additional services not contemplated in the original pre-approval. In those instances, the Audit Committee requires specific pre-approval prior to engagement. All audit and audit-related services provided by Grant Thornton during 2018 were approved by the Audit Committee pursuant to this policy.

The Audit Committee may delegate pre-approval authority to one or more of its members. The member to whom such authority is delegated must report, for informational purposes only, any pre-approval decisions to the Audit Committee at its next scheduled meeting.

The Audit Committee reviewed and discussed the services, in addition to audit services, rendered by Grant Thornton during 2018, as well as the fees paid therefor, and has determined that the provision of such other services by Grant Thornton, and the fees paid therefor, were compatible with maintaining Grant Thornton's independence.
